MEDIA RELEASE

For immediate release

17th October 2006

Newsnet gains international access through association and supplier contract with **Business Wire** (A Berkshire Hathaway company)

Newsnet secured an exclusive supplier contract with Business Wire in October this year to provide media release distribution services in Australia and New Zealand. A counter benefit of this association is the ability for Newsnet to provide media release services globally via Business Wire media lists.

Business Wire are the global leader in media release distribution; facilitating critical disclosure laws globally and predominantly within the US, UK and Europe. Business Wire are associated with over 4000 online web sites & databases, from AOL to Yahoo and have direct access to the investment community including; Reuters, Bloomberg, Dow Jones and the exchanges.

Mr. Jitto Arulampalam (CEO of Newsnet) states "Through our association with Business Wire, the global media platform is now open to Australia with a highly accurate media contact base and the portal for delivery will benefit both Newsnet and Business Wire clients"

Newsnet's core business is in the messaging space in Australia, with a strong focus on the development of integrated customer solutions. The dynamic status of Newsnet has created an enormous amount of interest from the market and why an alliance between both these businesses will offer Australia greater business opportunities on a global scale.
